## PROGRAMS

9/17

### Corn Tar Spot Disease

SPEAKER: Tina Sullivan - K-State Research & Extension Northeast Regional Agronomist

- Learn about this newer disease that has moved into Kansas and how it effects our corn crop.

10/15

### Farm Succession

SPEAKER: Ashlee Westerhold - K-State University Director of the Office of Farm & Ranch Transition

- Join us as we discuss the future of your farming practice. Topics to be discussed include transfer of management, goal setting, retirement planning, equal vs. fair, & management decisions.

11/19

### Fence & Lease Laws

SPEAKER: Roger McEowen- K-State Research & Extension Ag Law Specialist

- Learn about Kansas Fence & Lease Laws & get any questions you may have answered.

12/17

### Coyote Control

SPEAKER: Drew Ricketts- K-State Research & Extension Wildlife Specialist

- Learn about coyote biology, trapping, snaring, and calling. As well as trapping techniques for raccoons, opossums, and skunks
